Whole School Bitesize Improvement Plan

- 8 week project across all year groups (running over Spring 1 and into Spring 2)
- Will run alongside our Superhero and ? theme
- Focus on improving children's speech and language
- Impact on our children's use of oral language as well as written language

super

villain

hero

symbol

protect

power

Word of the Day

- Home Learning linked with our word of the day. Each week, a letter will be placed in your child's link book explaining the 4-5 new words we have taught. We ask that you discuss these words at home with your child and get them to explain the meaning, draw a picture/write about the word and come up with sentences that include the word.
- The word of the day is stuck in our classroom and any word from home will be placed on our home learning board.

Support at Home

- 'Vocab Ninja' has a website full of new 'word of the day' that you can share with your child
 - Highlight new words in their reading book and look in a dictionary to check its meaning
- Model using different words with the same meaning. For example, instead of 'big', use the word 'massive' or 'enormous'.
