

Courage

Topaz class discussed the meaning of the word 'courage' and told everyone in collective worship

I think it is when you do something new for the first time and be brave about it.

Courage means persevering and being brave to keep in trying.

Courage is when you are strong enough to do something hard.

Topaz class decide as a class to read the story 'Only One You' in collective worship as it showed the importance of having courage.

Topaz class wrote a prayer about courage,

Dear God,
Thank you for all the courage you show us,
Thank you for all the courage you give us,
Please help us you show courage and be brave when we find things a little bit tricky
Amen
