

Prayer

Diamond Class came up with ideas of what they could talk about in collective worship.

We could act out a story that's in the Bible.

What's special about saying prayers.

We could bring some stuff that's in our reflective area like the candle and the Bible and show them and say what they are.

Some people have a different God and different ways to pray

We could think of a pray as a whole class

Diamond Class wrote their own prayers and shared them in collective worship

Dear God,
Thank you for letting people pray to different Gods,
Amen

Dear God,
Thank you for the people that live in our world.
We hope everyone stays safe and healthy.
Amen

Dear God,
We thank you for our school and our chance to pray
Amen
