

# The flower by John Light

1. Why do you think Brigg took one of the books that said 'do not read'?

2. How should Brigg look after the flowers? What does a plant need to grow and be healthy?

3. How would you feel if you lived in a world without flowers? Why?

4. When Brigg found his dead flower at the edge of the city, he found lots of new flowers growing. How do you think this happened? What causes new plants to grow?

5. Can you design a city full of flowers? What would this look like? Create a drawing to show your design.
