

Friday

This half term our theme is ROAR!

This week we will be continuing our theme and learning even more about dinosaurs. There will be a range of different daily videos for you to watch at home whilst also completing the activities below. Remember to upload any work you complete to Tapestry so we can see what you have learnt.

Fine Motor

Use a pair of tweezers or your pinching fingers to place buttons/rice/gems onto the dinosaur spikes that you drew yesterday. Make sure they are all on the line neatly.

Maths

Practise your number formation for /6/ and /7/. Can you create a repeating pattern with the numbers?

7 7 6 7 7 6 7 7 6

There are videos to help you with this on Tapestry.

Phonics

It is tricky word Friday!

Please watch the phonics video on Tapestry and take part in today's tricky word lesson.

We are going to play a game of tricky word musical statues, so have your best dance moves ready!

Creative

Can you build a bridge strong enough to hold a dinosaur? You can choose how to make your bridge and what materials to use. Below are some examples you can magpie from.
