

# Monday

This half term our theme is ROAR!

This week we will be continuing our theme and learning even more about dinosaurs.

There will be a range of different daily videos for you to watch at home whilst also completing the activities below. Remember to upload any work you complete to Tapestry so we can see what you have learnt.

## Vocabulary: Bones

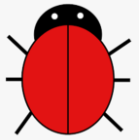

What do you think the word /bones/ means? Research the word with your grown-up.

## Fine Motor

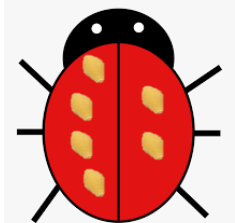

Can you make a dinosaur skeleton using cotton buds as the bones? Use your pinching fingers to pick up the cotton buds and arrange them carefully. You could make it even trickier by using tweezers to pick up the cotton buds.

## Maths

Today we are focusing on the number /6/. You will need to draw a ladybird (example below) and collect /6/ objects to use as spots for today's lesson.

Using the ladybird how many different ways can you make the number /6/?

Can you say the matching number sentence?

## Phonics

Watch the Phonics video on Tapestry. Practice writing the grapheme /ee/. Remember to join the letters together because it is a diagraph. Can you help me make silly soup? I can only put in objects that have the /ee/ sound. Which objects can I add to my silly soup today? Can you write a list for me?

For extra Phonics activities go to <https://www.phonicsplay.co.uk/>.

## Creative

Can you create a piece of outside artwork inspired by Andy Goldsworthy? Andy Goldsworthy likes to use patterns in his artwork, I wonder if you can use a pattern in yours. Maybe you can create a dinosaur skeleton.

For extra activities head over to Purple Mash <https://www.purplemash.com/sch/dereham-cofe>.

Use your child's individual login, that is in your remote learning pack, to access the '2do's' set by your child's class teacher.
