

Week 5 Monday:

Writing:

To innovate the first part of your story.

Today we are learning to innovate our stories. Innovate means to change and adapt something to be able to make it our own. We are going to change which animal gets their colours in the story. So for example the story will not now be called 'How the birds got their colours' it could be 'How the fish got their colours'. Today we are going to redraw our story map, following the same storyline as the original story. Therefore you draw the same scenes as last week but with a new animal. We are only going to draw up to where the animal is hurt and the others come to help.
