

While we can't hug by Eoin McLaughlin

1. How might hedgehog and tortoise have felt when they were told they can't hug? List *three* adjectives to describe their feelings.

2. How do hedgehog and tortoise show each other they care and love one another?

3. Choose a way to show someone you love them. You could draw a picture, write a letter or postcard for someone you miss, draw a picture of you pulling a funny face or take a funny photo to make somebody laugh, dance or sing with someone you live with to make them happy or any other activity you can think of to show someone you love them or miss them.

What will you do?
