

# Friday

It is RE week in school this week and we are answering the big question 'What do Bible stories teach us?'

All week we will be learning about Bible stories and completing activities based around these.

Remember to put any work you complete onto Tapestry.

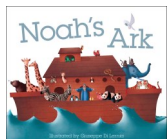

## Fine Motor

Can you make Noah's Ark using rice? Maybe you could try and make some animals using rice to go with your ark?

## RE

Watch today's RE lesson. In today's lesson on Tapestry we will be adding to the mind map we started at the beginning of the week.

Can you use everything you have learnt and made to re-tell the story of Noah's Ark to your grown up using words and drama?

## Phonics

Tricky word hunt — on Tapestry there will be a picture of Noah's Ark and hidden within the picture are the tricky words we have learnt so far. Can you find all of the tricky words and then write them down?

## Maths

Watch and join with today's Math Meeting video on Tapestry.

Remember to give your answers in a full sentence.

## Creative

Can you make rainbow cookies with lots of different colours using this YouTube recipe to help you?
