

# Thursday

It is RE week in school this week and we are answering the big question 'What do Bible stories teach us?'.  
All week we will be learning about Bible stories and completing activities based around these.  
Remember to put any work you complete onto Tapestry.

## Fine Motor

Can you create your own chalk art work? Can you draw curved lines? Can you use your finger to smudge the chalk?

## RE

Lesson 1— Watch today's RE lesson on Tapestry. During the video—listen to some storm music? How does it make you feel?

Activity: Using a bed sheet as a parachute, can you shake the parachute and pretend it is the storm. Can you then add a soft ball (or a crunched up piece of paper) onto the parachute to represent Noah's Ark?

## Phonics

Can you draw these animals on an ark?

Sheep / goat / snail / cat / dog

Once you have drawn them, can you label each animal?

## Maths

Can you draw two boats? On the first boat, draw some animals. Then, draw some more animals on the other boat. Can you write the number sentence to match how many animals you have drawn?

## Creative

Can you make a boat that floats?

Some ideas: You could use tin foil or an apple to make your boat?

Once you have made your boat, test it in some water and tell your grown up what you notice.

Extra: Can you add coins on top of your boat and pretend these coins are animals. How many animals can ride on your ark before it sinks?
