

Tuesday

It is RE week in school this week and we are answering the big question 'What do Bible stories teach us?'.
All week we will be learning about Bible stories and completing activities based around these.
Remember to put any work you complete onto Tapestry.

Fine Motor

Using some playdough, can you mould the dough into an ark and then into different animals? Can your grown ups guess what animals you have made? How many of each animal do you need?

RE

Lesson 1— Join in with today's lesson on Tapestry about choices.

Lesson 2 — Watch today's second lesson on trust. Once you have watched the video, play the trust game with your grown up.

Phonics

Can you play another game of phonics ISPY with your grown up. Today, focus on the digraphs you have already learnt e.g. ck, ch, sh, oo, ee, or, ar, ss,

"ISPY with my little eye something that has the sound _ in it"

Maths

Using the ark you have built for your creative activity, can you now count how many animals you have added to your boat. How many animals would you have if you had one more? How many animals would you have if you had one less?

Creative

Can you build your own Noah's Ark?

Once you have built your Ark, can you add some animals?

PE Challenge

Using a ball or a scrunched up piece of paper, how many times can you throw it up into the air and then catch it? Can you then beat your score?
