

Tuesday 23rd February 2021
Learning Objective: to count in 2s.

Complete the number line by counting forwards in 2s from the starting number.

3

Complete the number lines by counting backwards in 2s from the given number.

21

Fill in the missing numbers counting in 2s.

2 ____ 6 ____ 10 ____ ____ ____

3, 5 ____ 9, 11 ____, 15 ____ ____

Tuesday 23rd February 2021
Learning Objective: to count in 2s.

Always, Sometimes, Never

Amir says:

When you count in twos,
your digits will be 0, 2, 4,
6, 8

Prove your answer (think of all the work we've done this morning when we count in 2s - do the answers always end in those numbers?)

If I start at 21 and count back in 2s will I say the number 16?

Prove it using a number line.
