Learning Objective: to count in 5s.

How many fish are there?

There are \_\_\_\_ fish in each tank.

There are \_\_\_\_ tanks.

There are \_\_\_\_ fish in total.

How many grapes are there?

There are \_\_\_\_ grapes in each bunch.

There are \_\_\_\_ bunches.

There are \_\_\_\_ grapes in total.

Complete the number lines by counting in 5s.

You may have to count forwards and backwards for some of them.

Learning Objective: to count in 5s.

Annie is making a flower pattern with 5 counters in each

She says if I have 2 flowers I will have 10 counters - is she correct?

She also says if I have 9 flowers I will have 43 counters - is she correct? Prove it.

Work this out.

I live with \_\_\_\_\_ people.

They each have 2 hands with \_\_\_\_\_ fingers/thumbs.

There are \_\_\_\_\_ fingers/thumbs in my house.

\*If you live with 3 people there will be 30 fingers and thumbs.

3 people with 2 hands  $5+5+5+5+5+5$
