Online Safety

With children having more and more access to the internet, it is always good for parents and carers to feel they know how to support and look after your child using the internet. Please use the link below to find out more information to help you.

Please remember that Huggy Wuggy is not suitable for children of our school age.

Reminders... Please remember not to park down washbridge. It is becoming dangerous and we have had several reports of near misses.

Last week our school had a visit from the ANGLES maths hub. Practice was recognised as exemplary. Mrs Cole is currently in her third year of a four year masters programme. At the end of the four years the school will be a maths mastery school. Well done to Mrs Cole and our team.
