Wednesday 13<sup>th</sup> September 2023

Dear parents/carers,

During Autumn 1, year 2 children are learning all about trees, plants and wildlife. This learning is being incorporated into every lesson including their writing, art and science work.

We are very excited to take the opportunity to explore the local area to discover the wildlife. Children will be using charts to help them to identify and name the trees and plants they can see. This will provide the children with real life experience of wildlife which will support their ideas for writing and learning in foundation subjects.

We will be completing the walk on Monday 18<sup>th</sup> September at 9:10am. If you would be able to volunteer to support the year group with walking around the local area, then please complete the attached slip and return to your child's class teacher. We will then reply to you through your child's link book so please look out for this.

Thank you for your continual support,  
Miss Webster and Miss Reeve
