

How to use Purple Mash – Quick guide for parents

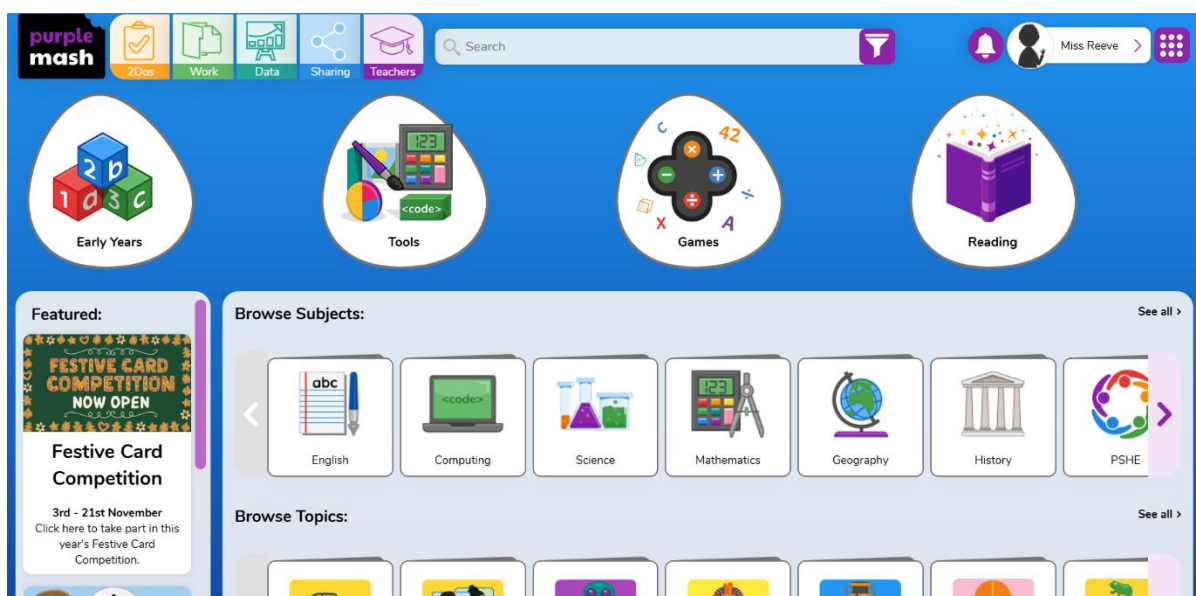

Search 'Purple Mash' on the internet. When you are on the website, click 'Log in' at the top right corner.

Then select 'child'. Type in your child's username and password from their login card. All of the children have been set up with a 2 digit picture password. When you go to type in the password, animal pictures will come up for them to select.

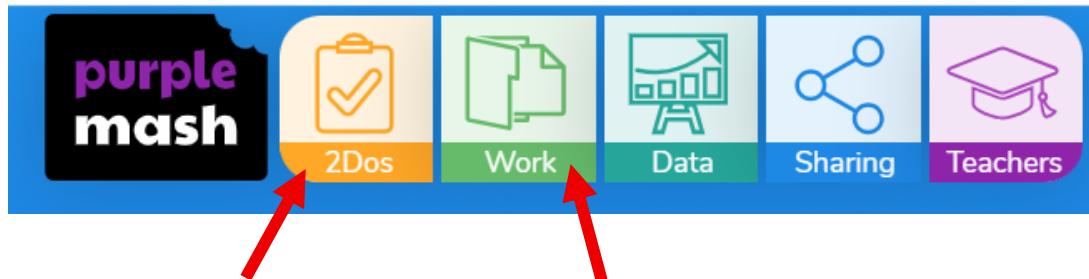

Here is the homepage. Children can choose activities by clicking on subjects and complete their weekly activity set by their teacher.

At the top left corner there are some icons.

2Dos – This is where you will find the activity set by your teacher.

Work – This is where you will find the work already completed by your child.

To complete a '2Do' task, click on '2Dos' to find the activity set and then click start.

Once you have finished, click the red arrow in the top right corner and then save and exit. Sometimes it will ask you to give your work a title.
